

# Call to Action

## PARENTS HAVE THE RIGHT TO KNOW WHEN THEIR CHILD IS IDENTIFYING AS A GENDER THAT DOES NOT MATCH THEIR SEX –

### STOP SCHOOL SECRETS

We, the signatories and registered voters in the State of California demand that AB1314 be set for hearing in the Education Committee. We further state by and through our signatures that we **SUPPORT** AB1314. Schools should never keep important facts about children secret from parents. Schools should never encourage students lie to their parents and teachers should never be put in the untenable position of lying to parents.

Every medical society recommends that parents be involved when a minor suffers from gender dysphoria or gender incongruence. Comprehensive mental health assessments are required for all minors as stated by the World Professional Association of Transgender Health (“WPATH”) and schools are not equipped to provide that assessment. Social transition is recognized as a psychosocial intervention that has a direct effect on persistence or desistence of a gender identity.

**STOP SCHOOL SECRETS NOW. SET AB1314 FOR A HEARING AND VOTE YES.**
