

Preserve the Republican Party Platform

This is David Hernandez, Chairman of the Los Angeles Hispanic Republican Club, Delegate California Republican Party, Member Platform Committee.

I often hear there is no difference between the Republican Party and the Democrat Party.

I strongly disagree and point to the Official Party Platforms.

The Republican Party is called the Party of Lincoln because it was formed with the purpose of ending Slavery in the United States.

The current Republican Party Platform protects Life beginning at conception.

The current Republican Party Platform defines marriage as a union between one man and one woman and believes a two-parent family is the best environment for raising children.

While supporting the rights of all, we believe established Traditional Values should not be abandoned.

With over 5 million Registered Republicans in California, 1468 are voting delegates to the California Republican Party.

These Delegates have the ability to vote on October 1, 2023 at our State Convention to support our Traditional Platform or abandon it.

A small number of delegates have proposed changing the Traditional platform.

There will be a vote to remove traditional marriage and life beginning at conception.

They are removing the two positions which distinguish Republicans from Democrats.

We are calling on all delegates who will be attending the convention and voting on Sunday October 1st to vote no on these changes and preserve the Traditional Party Platform.

To all delegates not attending the convention, we want your vote to be counted.

We ask that you give us your “proxy” to ensure your vote preserves the Traditional Values platform.

To provide your proxy, contact me at our website.

This campaign requires funding to succeed. You can help by assisting those who can attend the convention but require financial assistance.
