

NO on ACA 1v

ACA 1 is a direct attack on Proposition 13 that would remove the taxpayer protection of the two-thirds vote of the electorate required to pass local special taxes. If this measure is enacted, local taxes and bonds for “infrastructure” (nearly everything) and public housing projects would pass with just 55% of the vote instead of 66.67%. **This makes it easier to raise taxes, and your taxes could go up after every election.**

NO on ACA 13

ACA 13 is a devious attempt to stop the Taxpayer Protection and Government Accountability Act from passing when it's on the ballot in November 2024. The Taxpayer Protection and Government Accountability Act is our initiative constitutional amendment that will **restore the Proposition 13 protections** that have been eroded by the courts. **But ACA 13 would create special rules that make it harder to pass** citizen initiatives like this one. If ACA 13 is enacted, the Taxpayer Protection and Government Accountability Act would require a two-thirds vote to pass, instead of the simple majority vote that has been required for all other constitutional amendments since 1849!
